DETAILED ACTION

1. The Non-Final rejection mailed 7/23/2004 is withdrawn because the Applicant's Preliminary Amendment filed 12/01/2003 canceling claims 1-27 and adding claims 28-38 was overlooked.

Allowable Subject Matter

2. Claims 28-38 are allowed.

3. The following is an examiner's statement of reasons for allowance: None of the prior art of record teaches or suggests a cleaning member for cleaning a surface of the image bearing member using vibrating means mounted on a shaft such that a center of gravity of the weight is deviated from a rotation center of the shaft and includes a normal component relative to a tangent plane at a contact portion between the image bearing member and the cleaning member.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Tokuhashi et al disclose example of other cleaning member used in image forming apparatus for cleaning the image-bearing member.
